Subject: Submission of HEMIS Implementation Report and Request for Fund Reimbursement

Respected Sir,

We respectfully submit for your kind attention that our institution has successfully implemented the Integrated Higher Education Management Information System (IHEMIS), in full compliance with the guidelines provided by the University Grants Commission. This initiative marks a significant step toward enhancing the efficiency and transparency of our academic and administrative operations, reflecting our ongoing commitment to digital transformation in higher education.

The HEMIS system has been integrated with our institutional website, and the report as per the prescribed format has been made publicly available at <https://pumc.edu.np>. Moreover, our dedicated HEMIS portal, accessible at <https://hemis.pumc.edu.np/>, serves as a centralized platform for data management, analysis, and reporting.

The system supports the generation of comprehensive analytical reports vital for data-driven decision-making and effective resource management. To ensure the system's sustainability and functionality, we have established a dedicated support team comprising members from the administration, faculty, and relevant departments.

In light of the successful implementation, we humbly request the reimbursement of the allocated amount (NPR 3,00,000) as per the guideline. Kindly find our official bank details below for the transfer of the reimbursement amount:

Bank Account Name: Purachaudi Bahumukhi Campus
Bank Account Number: 4050100003441001
Branch Name: Baitadi
Bank Name: Rastriya Banijya Bank

We sincerely appreciate your continued support and guidance and look forward to your favorable response.

Thank you.

Foreword

It is an era to lead and facilitate by the Information Communication Technologies (ICT) in every sector of knowledge, information and management. The ICT Web-based Higher Education Management Information System (HEMIS) plays a pivotal role in ensuring the effective planning, administration, academic excellence, and sustainable growth of our campus. This system provides a comprehensive overview of our institution's facts (Students, Teachers and Non-teaching staff, infrastructure, and facilities) performance (Enrollment, Upgrade, Graduation etc.), challenges, and strategic initiatives over the Academic Year/Reporting Period.

Aligned with the vision of University Grants Commission (UGC), this System create an opportunity to integrate and centralize the inserted data to the University and UGC as a Real Time Data to take the decision against response and resources allocation. the system provides the platforms to information dissemination to UGC for its key achievements in teaching, research, infrastructure development, and student services. It also identifies areas requiring improvement to enhance institutional effectiveness and stakeholder satisfaction.

We extend our gratitude to UGC for the support of grants to develop the HEMIS and thanks to faculty, staff, students, and administrative teams whose dedication has been instrumental in driving progress to develop HEMIS and its effective implementation. Special thanks go to IT Department and dedicated teams of Computer operators for their contributions to data collection, input, analysis and feedback to operational/ fictional test and its validity/authenticity.

As we move forward, The HEMIS will be inevitable system to manage college/ academics holistic. this web-based centralized integrated system serves as both a reflection of our accomplishments and a roadmap for future growth. As we committed to fostering innovation, inclusivity, and academic excellence in higher education it is a milestone.

ACKNOWLEDGEMENT

The successful development and implementation of the Higher Education Management Information System (HEMIS) at Purachau Multiple Campus would not have been possible without the Support of University Grants Commission(UGC) and dedication along with collaboration of numerous individuals and teams those who were involved in the development, installation, operation, test and its functionality of the system in our campus to manage the web-based Real time data information and management.

We extend our deepest gratitude to UGC/HEMIS Team for their visionary guidance and unwavering support. Special thanks to the IT Development Team of our Campus /Software Providers for their technical expertise and commitment to delivering a reliable and operational system. We also acknowledge the efforts in ensuring data integration and user adoption.

Our appreciation extends to all of you those who were restlessly involved for their valuable contributions. Finally, we thank all faculty, staff, and stakeholders whose feedback and participation were instrumental in refining HEMIS for institutional excellence.

1.1. About Reports

This Completion Report is prepared after successfully completing the project for the "Establishment and Implementation of web-based Higher Education Management Information System (HEMIS) Software under the UGC directives for Digitalization of higher education as per the notice of the Guideline of UGC. The UGC has set a goal to establish and implement a centralized, integrated, comprehensive, web-based Higher Education Management Information System (HEMIS) at campuses to be integrated with the HEMIS established in the University Grants Commission (UGC) via the University. The system's architecture is envisioned to centralize and streamline data from affiliated campuses, enabling UGC to determine and allocate grants more efficiently.

The HEMIS Software is a user-friendly, multithreading, multiuser, comprehensive, dynamic, scalable, visually appealing, interoperable, and secure web-based software application under the latest platform as suggested in the guidelines by the UGC. After inputting the data of the concerned sectors of higher education, like students' enrollment, Teaching staff, Non-teaching staff, upgrades, and graduation by academic year by gender, faculty, level, and so on, to manage digital records and carry out informed decisions with the help of this system.

2. Academic Programs

Purachaudi Campus currently offers two main academic programs that cater to the interests and career goals of students. These are the **Bachelor in Education (B.Ed.)** and the **Bachelor in Business Studies (BBS)**. Both programs are designed to provide theoretical knowledge as well as practical skills in their respective fields.

The figure below shows the levels, faculties, and programs offered on the campus. Currently, two faculties are in operation: Bachelor's in Business Studies and Bachelor's in Education. The system also includes an option to add new faculties in the future.

6. Gender Parity Index

The **Gender Parity Index (GPI)** is a statistical measure used to assess the relative access and participation of males and females in a particular educational context. Typically, it is expressed as a ratio:

The Formula for GPI is as below:

$$\text{GPI} = \frac{\text{Number of females enrolled or attaining a certain level}}{\text{Number of males enrolled or attaining that same level}}$$

A GPI value close to **1.0** indicates parity between genders, whereas values below or above 1.0 suggest disparities:

GPI helps in understanding whether policies are successfully addressing gender imbalances. Data-driven insights from GPI can guide targeted interventions, such as scholarships, support programs, and outreach efforts. Educational authorities use GPI to monitor progress towards gender equality goals and to set benchmarks for improvements.

The GPI index by program, level, and faculty is shown in the table below.

6.1. Overall GPI in Enrollment Record

The GPI of the campus by program is presented in the table below.

Table 11. GPI index of the campus by program

S.No.	Level	Male	Female	Others	GPI	Total
1	Bachelor	61	154	2.52	0	215
	Total	61	154	0	2.52	215

The more female students studying on our campus is based on the calculated GPI shown in the above table. The higher number of female students studying in the Education faculty compared to the Management faculty. A GPI of 2.33 shows that the campus has a significantly higher proportion of female students compared to male students. In other words, nearly three female students are enrolled for every one male student.

8.1. Student-Teacher Ratios on Campus

In the given data, the Faculty of Education has 12 teachers and 600 students, resulting in a ratio of approximately 40.08 in Education faculty and 23.8 are in Management faculty as per actual data of the campus. But, we just enter the 219 studentings has been inserted in the system. There are 10 teachers in the Education faculty and 2 are in the management and covered by education faculty teacher in the common subject between the faculty of the campus.

9. Student Enrollment Trends

The student enrollment trend at Purachandi Campus from fiscal year 2077/078 to 2081/082 shows a general decline followed by a slight recovery. Total student enrollment decreased from

62 in 2077/078 to a low of 39 in 2079/080, then gradually rose to 43 by 2081/082. Female student enrollment followed a similar trend, dropping from 50 to 28, then slightly increasing to 31. Male enrollment remained relatively stable, fluctuating slightly between 11 and 15. Overall, while enrollment dipped in the middle years, the recent trend suggests a

modest improvement in student numbers.

10. Enrollment by Level, Faculty, Program, Gender and Caste ethnicity

Purachaudi Campus currently offers bachelor-level education through two main faculties: Management and Education. A total of 244 students are enrolled across these programs. The Management faculty runs the **Bachelor in Business Studies (BBS)** program, while the Education faculty offers the **Bachelor in Education (B.Ed)** program.

In the **Management faculty**, there are **81 students** enrolled. Among them, **25 are male** and **56 are female**. The students come from various caste and ethnic backgrounds. Notably, there are **22 Brahman**, **23 Dalit**, **10 Tharu**, **1 Muslim**, and **25 students categorized as Others**. No students from Madhesi, Janajati, or Chhetri communities are enrolled in this faculty.

The **Education faculty** has a larger enrollment, with **163 students** in total. It includes **37 male** and **126 female** students. In terms of caste and ethnicity, this program includes **40 Brahman**, **45 Dalit**, **18 Tharu**, **4 Madhesi**, **2 Chhetri**, and **54 students** from the Others category. There are no Muslim or Janajati students recorded in this faculty.

Overall, the campus has a higher proportion of **female students**, with **182 females** compared to **62 males**. The enrollment data also highlights a diverse student population, with significant representation from the **Brahman**, **Dalit**, **Tharu**, and **Others** categories. The **Tharu** community has one of the highest numbers, especially in the Education program.

This breakdown illustrates both the gender disparity favoring female enrollment and the broad ethnic diversity present in Purachaudi Campus's student body.

11. Students Enrollment by Region(Mountain, Hill and Terai)

The Purachandi Campus HEMIS report indicates that all 244 enrolled bachelor-level students originate exclusively from the Terai region, with no representation from the Mountain or Hill regions

Table 19: Students Enrollment by Region (Mountain, Hill and Terai)

S.No.	Faculty	Mountain			Hill			Terai				Grand Total
		Male	Female	Others	Total	Male	Female	Others	Total

Total		0	0		0	0		0	62	182	244	244

This concentration may reflect the campus's geographical location and its accessibility to students from the Terai. Notably, female students constitute approximately 74.6% of the total enrollment, highlighting a significant gender disparity favoring female participation. This trend aligns with national data, where the Gender Parity Index (GPI) in higher education is 1.09, indicating higher female enrollment overall. The absence of students from the Mountain and Hill regions underscores the need for targeted outreach and support programs to enhance regional diversity and inclusivity in higher education.
