Strategic Plan of Action

1. Introduction

Purchoundi Multiple Campus has been trying to fulfill the educational need Purchoundi in Baitadi district since its establishment in 2065 BS. PMC has been recognized as the first and only one pioneering bachelor level campus of Purchoundi Baitadi district. PMC is completely community based campus. Like in other parts of the country, significant changes have been seen in the higher educational scenario of the region also in the past decades.

Pmc set up the Reserrch Management Cell in 2076 RMC was established to develop the research activities and to step on the main stream of Higher Education ; Quality Accreditation and Assurance (QAA) to complete the requirement of QAA PMC needs to improve the RMC more technically and scientifically.

Today's need is to innovate something by researching, hence the Research Management Cell is an essential cell of achieving the objectives of new innovative aspect of education for the better improvement and several better coordination the strategic plan of action. RMC PMC Hat Baitadi has been formulated . The whole approach toward the higher Education of the community is changing. Now people are being more concerned toward the quality than mere acquiring a mere certificate. Likewise educational institutions are also viewed as centers of overall development of the teachers and students.

PMC is the first and only one pioneering Bachelor level Campus of Purchoundi Municipality . It is completely community based Campus. though it has paced ahead for the further researching plans, due to the limited sources the thoughtness has been felt. To make the pace of research easier PMC always needs the support of UGC. The Research Management Cell was organized for the better establishment, well managed and more effective of the research tasks of campus. The cell has been conducted with the concept of developing researching and innovating new things and concepts.

The Reserrch Management Cell

S.N.	Name	Designation
1	Binod Singh bhandari	Chair parson
2	Gobinda Prasad Awasthi	Member
3	Navraj Joshi	Member
4	Ramdatt joshi	Member
5	Binod Singh Bhandari	Member
6	Puspa Raj Joshi	Member
7	Narendra Prasad Badu	Member

2. Objectives

The overall objective of Reserrch Management Cell is to develop the habit of innovation and research on the different aspects. The objective of Reserrch Cell are as follows.

- To develop the research of PMC
- To make theresearch activities well managed.
- To persuade the teacher, graduates on research activities.
- To increase the efficiency on research and innovations of different domains.
- To make the teaching learning more innovative
- To make a successful requirement for QAA process.

On the basis of these objectives to make efficient and fruitful research work these strategic plan of action is formulated. The objectives of these plan are as follows .

- To develop the infrastructure of Reserrch Cell
- To support on the coming research conducted by the cell
- To make the research more technological and innovative
- To make the research more effective and fruitful
- To establish the research cell as a model in Purchoundi areas.

3. Implementation Scheme

The Reserrch Management Cell is already sxisted. to make the well improved and well equipped RMC PMC is going to establish separate hall with internat access, computers and various Reserrch materials. The Reserrch Management Cell will ensure the effective implementation a this strategic plan to achieve the goals envisioned adjoining with campus management commitee campus administration and department. Different workshops and seminars will also beconducted .After the well establishment of RMC students, teachers and other members will be encouraged to do their research.

4. Expected outcomes

After the implementation of this plan PMC expects.

- The establishment of well equipped hall for RMC
- The excessive involvement a teachers and graduates on research activities

6. Involvement of Teachers and Students

All the teachers from different department in Bachelor level students of this campus have the involvement in new research works. Bachelor level students are recently go have case study and report writing for their dissertation, if RMC is well - established group of participants will be benefited.

7. Beneficiaries

After the better establishment and well equipped RMC the research will be more effective and applicable, which can be fruitful to provide positive solution of the challenges problems occurred in teaching learning activities and in other domains. Learners and teachers community will be denotatively benefited from it. After the better coordination and the development of infrastructure and functional support RMC will be benefited directly. All researchers will be merited to search new things which will be applicable to improve and design new curriculum syllabus and textbook and to form local and national policies. Such qualitative research works will be useful for the local agencies, national agencies, communities and others.

8. Sustainability Scheme of RMC

The RMC will continue the research after the better establishment with various support. campus management committee and campus administration will monitor the RMC regularly. RMC will continue its progress by coordinating with UGC. with the following activities RMC will sustain.

- Searching of internal and external financial sources for RMC
- To make the better coordination with the agencies.
- Persuading the teachers and graduates for new researches.
- by establishing the collaboration with different groups, national and international agencies.
